## WORK EXPERIENCE

---

### Visit Group

Feb 2020 – Jul 2020

*System Developer*

*Gothenburg, Sweden*

- Developed a sales performance dashboard for our booking platform called Citybreak ([Project details](#)).
- As I was backend focused, I oversaw API design, query speed, objects design, data transformation and delivery.
  - Achieved a 15x to 20x faster queries to database and lower data trafficking.
  - Built a new API design that allows rebuilding data and re-indexing the database for any chosen period.
- A decoupled system that is easy to extend and to test.
- The dashboard is available for our 150+ clients using the platform, in addition to our own departments.

### WCOM

Sep 2019 – Dec 2019

*Application Developer*

*Gothenburg, Sweden*

- Wrote a reusable library that consumes Azure DevOps API.
- Developed a cross platform console app which uses the earlier mentioned library.
  - Reviews pull requests in all repos from an Azure DevOps account by only one click.
  - Used GUI library to create a user-friendly console design that can use clicks and buttons.
- Developed a UWP desktop application and used the UNO platform for parsing C# and XAML.
  - The application runs on any Microsoft device that run windows 10.
  - With UNO parsing, the application code can run on IOS, Android and Web assembly. ([UNO](#))

### Lerum Municipality

Nov 2017 – Oct 2019

*Youth Coach*

*Lerum, Sweden*

- I used my management skills and social work experience for organizing the daily life of 25+ teenage refugees.
- Guided the minors through daily challenges, like school, making food, shopping, relations and so on.
- Collaborated with other staff to keep the minors stay motivated and overcome social and phycological distress.

### Alingsås Municipality

Oct 2015 – Oct 2017

*Youth Coach*

*Alingsås, Sweden*

- Same responsibilities as in Lerum Municipality.

### Marhaba Cafe

Aug 2011 – May 2013

*Assistant Restaurant Manager*

*Oslo, Norway*

- I managed supplies, inventory and staff.
- Achieved 20% revenue increase by cutting down inventory waste and negotiating better supplying deals.

### Flower of All Cities

Feb 2008 – Aug 2009

*Sales Supervisor – Self-employed*

*Dubai, UAE*

- Monitored supplies, production and sales overflow.
- Planed for exhibitions and selling outlets.
- Took role in establishing a home delivery service.

### NISCVT ([Homepage](#))

Sep 2004 – Feb 2007

*Computer and Network Technician*

*Beirut, Lebanon*

- Set up a local network and DSL connection.
- Built computers and installed other digital devices.
- Took care of network and computer maintenance and troubleshooting.

## EDUCATION

---

### Teknikhögskolan

*Full-stack developer Diploma, Majors (.Net)*

June 2020

Gothenburg, Sweden

- Succeeded in getting highest grade (VG) at all Courses and projects.
- Built a lot of hobby and school projects some of which can be found on my [GitHub](#).

### Business and computer University

*BAA in Business Administration, Majors (Marketing and Advertising)*

July 2007

Beirut, Lebanon

- Certificate of excellence.
- I was part of the Electronic music club and gave hand to the audio technicians.
- Composed computer music using Reason and FL studio.
